Dear Laurel Springs School Community,

We hope that you have all had an enjoyable holiday season with family and friends. At Laurel Springs School we have been busy as usual. As the academic year progresses, we continue to witness increases in student growth and engagement as a result of the efforts of our dedicated teaching staff. Our students are striving to practice fundamental work habits that will allow them to become productive in whatever future endeavor they may choose.

In the coming new year, we will be utilizing acquired grant funds to improve our school HVAC system. As a result of our application for a Recreation Facility Enhancement Grant through the Open Space, Recreation, Farmland and Historic Preservation Trust Fund, we have been awarded \$25,000 to begin the process of selecting some new playground equipment that will be installed this spring.

After the break, we are looking forward to assemblies, field trips, winter clubs, and of course getting back to daily teaching and learning at Laurel Springs School. On behalf of the entire faculty and staff, thank you for your continued commitment and support to your child's education and Happy 2024! If you ever have any questions, please feel free to reach out to us at school anytime.

Happy New Year,  
Mr. Ryan Mahlman  
Superintendent/Principal
